

# TEST REPORT INFORMATION ORDERING GUIDE

DESCRIPTION	FORM NUMBER
Female Socket Transition Connectors - Series 622 .....	TR-006
Card Edge Connectors.....	TR-008
Test Report Flex Fit.....	OEM TR14
636 Flex Strip Test Report .....	OEM TR16
622 Flex Strip Test Report .....	OEM TR17
636 CE .....	OEM TR18
622 CE .....	OEM TR19
177/187 Cable .....	OEM TR20
Low Profile D 622.....	OEM TR22
Low Profile "D" Connectors - Series 622, Sockets and Pins .....	TR-022
2 Row Slimline .....	OEM TR23
2 Row (Slimline) PCB Connectors - Series 622 .....	TR-023
EMI/RFI Design Considerations .....	OEM TR25
Compliant Pin Technology.....	OEM TR27
Compatibility Test of 622 Socket Connectors and 136 SP Cable .....	OEM TR31
.....	OEM TR32
.....	OEM TR33
Design Considerations and Connection Products .....	TR-058
Surface Mounting Considerations .....	TR-062
Choosing Packages .....	TR-063
Compliant Pin Technology .....	TR-064

## REGULATORY AGENCY APPROVALS

All Thomas & Betts Electronics Division products are recognized by Underwriters Laboratories (UL) and certified by the Canadian Standards Association (CSA) wherever applicable. These approvals are evidence that our products are in conformance with independent safety evaluations. Regulatory agency files have been established for the following generic families:

Product	UL File	CSA File
Connector Products	E60980	LR49571
Flat Ribbon Cable	E41651	LL53375
Round-to-Flat Cables	E47817	LR66880
Cable Assemblies	E47817	LR58162
